Dear Licensing Board,

Kilwinning Community Council would like to express our serious concerns about the plan to grant a license to a funfair at the Kilwinning Sports Club.

We have the following concerns:

- Previously when the fair was at this location there were serious health and safety concerns both within and out with the fair.
- The location means if it the fair proves popular then there is likely to be serious safety concerns at the main road.
- We also have concerns about the amount of underage drinking which takes place around the fair and the influx of young people into the town when we have only a small local police force.

Yours Sincerely,

*Nairn McDonald*
